Nossa visão

Conquistar reconhecimento nacional e internacional através da construção da marca própria VANT.

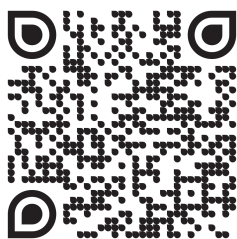

Nossa história

O sucesso de todas as colheitas depende de uma escolha em comum: os equipamentos corretos. Pensando nisso, a DISPACE DISTRIBUIDORA DE PEÇAS trabalha para levar soluções eficientes aos campos e agricultores de todo o país.

Localizada na cidade de Concórdia (SC), a empresa está no mercado desde 1998, sendo especializada no comércio de motores e geradores de luz, a diesel e gasolina, peças para motosserras, roçadeiras, cortadores de grama e lavadoras de alta pressão.

Em constante busca por inovação, iniciou atendimento em Curitiba, capital do Paraná, no ano de 2010. Devido a grande demanda, hoje atua também com parceiros comerciais que se estendem à Índia, China, Itália e também Taiwan.

A expansão no segmento fez com que a DISPACE desenvolvesse sua própria linha de produtos: a VANT POWER PRODUCTS. A marca é fruto de um intenso trabalho de pesquisa em parceria com engenheiros internacionais, sendo reconhecida pelo completo conjunto de avaliação e inspeção dos produtos, oferecendo ao seus clientes garantia estendida e excelência em desempenho.
